

Earn a premium rebate through safety education

Thousands of Ohio employers find value and workers' compensation premium savings by actively participating in their local safety councils. And now you can join them.

Get a 2-percent rebate on your premiums by becoming an active member of one of 80 BWC sponsored safety councils*. Reduce either the severity or frequency of injuries in your workplace by 10 percent, or keep both at zero, and you will earn an additional 2-percent performance bonus rebate.

BWC Safety Councils can help you:

- * Learn techniques for increasing safety in your workplace.
- * Learn how to better manage your workers' compensation program.
- * Network with other employers in your community.
- * Access useful, money-saving workers' comp and risk management information.

For more information, call 1-800-OHIOBWC. You may also visit ohiobwc.com, and click on Safety Services, Training Services, and Safety Councils.

* The rebate offer excludes self-insuring employers, state agencies and employers enrolled in BWC's group-rating and group-retrospective programs. Limitations apply to a professional employer organization. BWC encourages all employers to become active safety council members.

** At least eight through the local safety council. You can get credit for up to two meetings through attendance at BWC's safety training courses or industry-specific training.
